The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, log in your account at https://www.aseahealth.org or call 1.866.553.8206. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers	Why This Matters
What is the overall deductible?	$300/individual or $600/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Some preventive care and primary care services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. The deductible is $25/person and $75/family for dental services.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	Yes. $1,200/person for PPO medical services and $2,400/person for non-PPO medical services in the Municipality of Anchorage. $600/person is the maximum for prescriptions.	The out-of-pocket limit is the most you could pay in a benefit year for covered services.
What is not included in the out-of-pocket limit?	Copayments for certain services, deductibles, premiums, balance-billing charges, penalties, and health care services this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out–of–pocket limit.
Will you pay less if you use a network provider?	Yes. Medical network providers in the Municipality of Anchorage are: Alaska Regional Hospital, Surgery Center of Anchorage, Geneva Woods Birth Center, Chugach Physical Therapy,	This plan uses provider networks. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.

	Ascension Physical Therapy, Alaska Hand Rehabilitation. In the Mat-Su Borough: Mat Su Regional Medical Center. For all other areas, the Aetna PPO Network. For a list of participating providers, see www.aetna.com. For a list of participating pharmacy providers, see www.caremark.com.	
Do you need a referral to see a specialist?	No	You can see the specialist you choose without permission from this plan.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
