Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$5000/individual or \$10,000/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible?	Yes. Some preventative care and primary care services are covered before you meet your deductible	The plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventative services without cost-sharing and before you meet your deductible . See a list of covered preventative services at https://www.healthcare.gov/coverage/preventative-care-benefits/ .
Are there other deductibles for specific services?	No	
What is the out-of-pocket limit for this plan?	The Plan pays 100% of covered services after you meet the deductible .	The deductible is the most you could pay in a benefit year for covered services.
What is not included in the out-of-pocket limit?	The Plan pays 100% of covered services after you meet the deductible .	
Will you pay less if you use a network provider?	Yes. Medical network providers in the Municipality of Anchorage are: Alaska Regional Hospital, Surgery Center of Anchorage, Alpine Surgery Center, ACENT Ear, Nose & Throat, Alaska Surgery Center, Alaska Fracture & Orthopedic, and you Alaska Hand Rehabilitation. In the Mat-Su Borough: Mat-Su Regional Medical Center. For all other areas, the Aetna PPO Network. For a list of participating providers see www.aetna.com . For a list of participating pharmacy providers, see www.caremark.com .	This plan uses provider networks . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services. (such as lab work). Check with your provider before you get services
